

Jovak's Proven 5-Step Process

We've refined a 5-step process over 18+ years to ensure every project runs smoothly.

Step 1 – Consultation

Share your ideas, inspiration, and vision. We'll ask the right questions to understand your needs and goals.

From unsure to having a clear direction.

Step 2 – Design

Your ideas become a detailed plan (2D or 3D). Review and refine until it feels just right.

From vague ideas to a design you can see and get excited about.

Step 3 – Pricing & Proposal

Get a transparent, detailed proposal with no surprises.

From guessing costs to knowing exactly where your investment is going.

Step 4 – Installation

Watch your backyard transform as our team handles the heavy lifting.

From a space you avoid to one you can't wait to use.

Step 5 – Final Walkthrough & Thank You

Confirm every detail is perfect before we hand it over to you.

From dreaming about it to actually living in your new space.

Conclusion

A professional landscape design is the foundation of your project's success. It ensures clear expectations, seamless teamwork, and results you'll love.

With Jovak's proven process, you'll always know what's happening, what's next, and how close you are to enjoying the backyard you've been dreaming about.
